## Synthetic Pot Tied to Risky Sex, Violence and Drug Abuse in Teens

### Synthetic Pot Tied to Risky Sex, Violence and Drug Abuse in Teens

Marijuana is often seen as a relatively benign drug that produces a typically mellow high, but new U.S. government research shows that the drugs called synthetic pot appear to be much different. Teens who use synthetic pot are at a heightened risk for violent behavior, risky sex and abuse of other drugs, the U.S. Centers for Disease Control and Prevention [study](#) revealed. [READ MORE](#)

## "Queering Reproductive Justice" Toolkit

## "Queering Reproductive Justice" Toolkit

National  
**Family Planning**  
& Reproductive Health Association

The National LGBTQ Task Force released a toolkit called "Queering Reproductive Justice" that seeks to support an intersectional approach to reproductive health, rights, justice, and advocacy. The toolkit includes an overview of the landscape, contraceptive equity, discusses abortion access, and also includes a host of advocacy tools. [Click here](#) (PDF) to access the toolkit.

## Adolescent Health: Think, Act, Grow®

### Adolescent Health: Think, Act, Grow®

The HHS Office of Adolescent Health is pleased to announce the second video in its *TAG Talks* series, created as part of the **Adolescent Health: Think, Act, Grow®** (TAG). The video series is co-sponsored by OAH and the federal Interagency Working Group on Youth Programs. "[The Power of the Adolescent Brain](#)" video features Frances Jensen, M.D., Professor and Chair of the Department of Neurology at the Perelman School of Medicine, University of Pennsylvania. Drawing on clinical experience and research, and inspired by her personal experience of parenting two teenage boys, Dr. Jensen shares what is known about adolescent brain development, functioning and capacity. Dr. Jensen explains the strengths and potential of the adolescent brain; addresses learning, risk behavior, addiction, and mental health issues; and provides practical suggestions for families with adolescents. The video is available as a full-length (30 minute) program as well as in short, individual segments, and is accompanied by citations, additional resources, a guide to technical terms, and discussion guides for professionals and family members.

## Lost, Stolen, or Damaged Medical Records: Organizing the Nightmare

### Lost, Stolen, or Damaged Medical Records: Organizing the Nightmare

**Date:** April 6, 2017

**Time:** 1:00 pm EST

**Duration:** 90 minutes

**Credits:** CLE, ACHE, HFMA, ICRM

**Presenters:** Anna L. Spencer

### Understand rapidly changing data breach security laws and safeguarding confidential records.

Learn key information on how to navigate the loss, theft or other compromise of the confidentiality or security of

medical records and medical record systems. Gain a more in-depth and sophisticated understanding of how to analyze and manage a medical data breach that will better prepare you for the difficult challenges posed by such incidents. You will gain knowledge that will help you report, restore and recover from data breaches involving the loss, theft or other compromise of medical records.

## Human Trafficking and Unplanned Pregnancies

### Human Trafficking and Unplanned Pregnancies

March 28, 2017

2:00 pm ET

[Register](#)

This webinar is designed to promote awareness and understanding of human trafficking as a health and public health issue faced by pre-teens, teenagers, and young adults.

Following this session, participants will be able to:

- Describe the types of human trafficking and the variety of perpetrators in the United States
- Recognize the high-risk factors and common indicators of human trafficking
- Discuss how human trafficking contributes to health and healthcare disparities
- Identify referral resources for trafficking

In preparation for the webinar participants are encouraged to view the Faces of Human Trafficking video (link: <https://www.youtube.com/watch?v=JygGZH0cGV4>)

## Speakers

Rochelle Rollins, PhD, MPH, OASH/Office of Disease Prevention and Health Promotion

Kelly Cody, MSW, LGSW, PhD Candidate, Founder and President, S.H.E. Inc.

Life is Short - Smile!
