About the Webinar

This series of 6 webinars brings together clinicians, researchers, and tribal members around the growing problem of illicit drug use in the perinatal period. Doctors, nurses, and tribal members will present evidence-based strategies for managing this complex issue in pregnant and breastfeeding women, newborns, and in the community setting. The series will be relevant to Indian Health Service clinicians, and to tribal communities.

Target Audience

Allied Health Professionals, Counselors, Dentists, Educators, Nurse Practitioners, Nurses, Pharmacists, Pharmacy Technicians, Physicians Assistants, Physicians, Psychologists, Social Workers, Psychiatrists.
